## Summer Time = Pacesetter Time!

Our Pacesetter Campaign has kicked off! Pacesetters are companies that agree to run their campaign during the summer months and by doing so try to raise the fundraising bar for the companies that will follow with their campaigns in the Fall. This year's pacesetters have agreed to aim for a 20% increase goal and have also agreed to either host a special event or do a volunteer project. The Pacesetter campaign will conclude with a fun Race to the Trophy Event in September (more details to come). This year's Pacesetter Companies are:

Advantage Bank
